

Choose the correct answer

This paper contains different assignments where you are going to choose the the right answer. If you want, you can answer all the questions directly on this paper.

1. Which of the words is described in the text?

This word is commonly used in most schools, and not only schools, it's used everywhere a lot. Maybe your teacher has said it recently. It's common, which means that people use it much. Also, it is not a phrase, it's just one word.

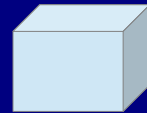

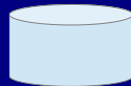

Hello!

Here is the schedule:

Write your name on the paper!

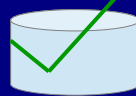

Are you happy?

2. Choose the correct geometrical object that is described in the text:

This geometrical object does not have the same angles on each corner. This object has a total of five sides, but when you draw it, you don't draw all of the five sides so you can see each of them.

Mark your answer correctly:

Draw a checkmark on the geometrical object that you think the text describe.

3. Which description of the word is the correct one?

The word is:

Green

This word is not a name. It is a description of something that is a specific color.

Mark the correct description using a checkmark, like you did on assignment 2.

This word starts with the letter "G", and it describes a common sport that you can play.
