The weather in the morning

- Good morning, Lucas!
- Good morning! What time is it?
- It is about seven o'clock. Breakfast is ready.
- Okay. I'm just going to get prepared for the day and then I'll see you in the dining room.
 - Okay, sure!

Five minutes later...

- Is the breakfast ready?
- Yes! I have also prepared some lunch for you to bring to school today.
 - Great! What lunch have you made?
 - Some fresh pasta with cheese and olives.
 - Awesome! I hope that the weather will be good today.
- Hold on, Lucas! It seems like the weather is really good outside, but I will check what it says on my phone.

After a few seconds...

- Here! It says that the weather today will be sunny and the temperature will rise up to 30 degrees! That is a lot!
 - And what about the humidity?
 - It seems to be at a fairly normal level. Between 70 and 75 percent.
- Great! Thanks for the information. And these sandwiches are really yummy!
