

Discuss about the future

In this exercise, you will discuss about your future. Use the questions below for support and/or reference.

Reference/support questions

1. Where do you see yourself in 10 years? Why?
2. Do you have a dream job or profession? If so, what dream job do you have?
3. How long do you think that you will be in school?
4. Look back 5 years. Do you remember what you thought about the future back then? Has this view changed or not? Explain and motivate.
5. Do you want to work with something similar as a parent or relative? If yes, what?
6. Do you think its mandatory to know your dream job at a young age, or do you think that it isn't important and that you can figure that out later?
7. Do you think about the future a lot?
8. Do you like being a student, or would you rather be working by now?
9. Do you know what program you want to attend in upper secondary school (gymnasiet in swedish)?
10. What is important (or what do you think is important) for you when choosing a future job/career?
