

English Words Game

This paper contains a really good explanation and all the materials you need for a fun word game in English. Let's get started!

How do I play the game?

It is simple: this is a kind of "memory" game (where you match two images that are the same), but in this game, you are going to match a word with an explanation. For example, a correct pair would be "flowers" and "something that is available in many colors and something that you can have in your garden".

So, start by using a scissor to cut out all the cards below. Then, put them in two separate sections, with the blank side up. One section is for word cards and one is for explanation cards. The player picks up one card from each section and if they match, the player can pick two new cards and keep his/her/hens pair. If the cards doesn't match, it's the next players turn. Every pair equals one point. When you run out of cards, the player with the most amount of cards is the winner for the round. Good luck playing, the game have fun!
