

# Sunwind Cruises

Enjoyable cruises since 1935

## Welcome aboard!

The crew members of m/s Sunwind want to welcome you aboard on a relaxing 48-hour-long cruise. To make this journey pleasant and enjoyable for everyone, we don't ask you more than to follow a couple of rules, which you can find below.

### Absolutely no smoking!

Our most important rule is that smoking is strictly prohibited, including the ship outside and open areas. Intentionally triggering a false alarm will lead to a full or partial evacuation of the boat and a very large fine.

**In case of fire, follow the evacuation path marked with signs.**

**Alcohol is only allowed in bar areas. Only alcohol sold on-board allowed.**

- ✓ Use life vests in case of an emergency
- ✓ Treat all areas of the boat as if it was your house
- ✓ Walk slowly and don't let your children play in shared areas
- ✗ Please treat our cabins with care.
- ✗ Cabin areas and corridors should be **quiet** after 10PM.
- ✗ For your own safety, **never** ignore spoken messages!

# Welcome aboard – Questions

Answer these questions related to the text:
