

Talk about your break!

In this exercise, you will talk about the break that you just had by answering a couple of questions!

Discuss the following questions with your friend:

What did you do on your break? Explain briefly or pick one of the favorite events on your break.

What was the favorite event of your break? Why?

Who did you meet at your break? Did you meet any family? Friends? Any other people?

Did you make any new memories on your break?

Did you learn anything new on your break? If so, what?

Describe your break with one word and motivate why you picked that particular word.

Discuss with your friend: were your breaks different and similar in any ways?
