

# Write

Writing is a fun activity. On this paper, you can find two fun writing assignments to do whenever you would like to.

## 1. Writing Assignment 1:

### The letter

You are writing a letter from a vacation. The vacation can take place wherever you like, but you have to write the letter to Sweden or somewhere else where you have friends, family or someone who is going to read your letter. Also, think about:

- Include details like the weather, how it looks in the country, similar or different things compared to Sweden etc.
  - To write the letter in English and make it as grammatically correct as possible.
    - Don't forget to have a good and understandable text structure!

**Good luck writing!**

## 2. Writing Assignment 2:

### Start an online shop

You have started to sell stuff online in your shop. Now, you'd have to write product descriptions for everything. As a start, you have to write a long product description about a product of your choice. Don't forget:

- To pick a product and write a lot about it. Write about colors, sizes if there are any, the manufacturer, shipping etc. There are a lot to write about!
  - Make the description good so the customer wants to buy the product.
  - Describe the product so you can see it "in your mind" when you read the text.

**Good luck writing!**
